FOREVER WITH ME (Gaffney)

-Dedicated in loving memory to my grandmom, Catherine Hentz

You came by to see me just yesterday
You had something to tell me you just couldn't say
So you showed me a picture of when we met the last time
When you told me that you knew I'd be doing just fine
And I expressed my love with a kiss and embrace
Unaware that I'd never again see your face

My mother she called me quite early today
I cried when she told me you'd just gone away
But a feeling of ease it ran straight through my blood
When I knew where you were at home with your lord
And after times of heartache and surfacing strong
You've found your way back to where you belong

We share a name and a bond for all time
And I know that you'll always be right by my side
And when the nights grown dark bitter and cold
I'll feel you near me I won't be alone
There's no more reason for living in fear
You're faith has shown me how to take it from here
