MOSAIC (Gaffney)

We're on the way to Santa Cruz we ain't got much to lose  
But everything that's standing in our way  
Driving down seventeen you got the wheel resting on your knee  
And your guitar it's playing in your hands  
You sang a song down from your soul as I watched to ocean roll  
Right out in front of us  
And I smiled softly to myself and placed my heart up on your shelf  
And listened while you drove

Chorus:

And you showed me what it means to be free  
Cause you know how to just let it be alright...  
Now I know what it means to be free

I met you the other day while you were playing on the stage  
I thought you were someone that I know  
Long ago when we were kids we'd walk the beach and then we'd sit  
Underneath the stars at the cove  
He showed me what music was I thought I could never love  
Another one quite like him  
But I awoke today just to find your love inscribed on my arm  
And I wonder how far away you've gone

Chorus

I walked in that smoky bar and something changed inside my heart  
I heard the music playing from afar  
At first I could not see how the sound was making me  
Feel so high and light  
But I bought a beer and settled in to yesterday's topless den  
And pushed you through the night  
And I stayed around for you to play a song for me while I wait  
For you to take me home
